- At 1923 hours on 07/09/16, the FMAG was approved by FEMA. A declaration number will follow once assigned
- At 0615 hours on 07/11/16, the FMAG Declaration number was received, FM-5132.

FIRE ACTIVITY

Trailhead Fire, Placer County and El Dorado County

Drivers Flat Rd, Todd Valley

Start Time: 1355 hours on 06/28/16

Jurisdiction: FRA/SRA

Community of Todd Valley in the Foresthill area

Per Cal OES Fire Duty Officer (FDO), ICS-209 and CAL FIRE as of 7/10/16 at 1558 hours:

- 5,646 Acres, 98% Contained
- Expected Containment: 07/13/2016
- Type 3 IC in command

OA Mission Support Requests/Cal OES Mission Tasking

- **2016-LAW-24818 6/30/16:** Request for an AT&T COLT (Cell On Light Truck) to boost cell signal in Georgetown area. The request also includes 2 caches of VHF fire radios. Both requests were approved and delivered on 06/30/16.

El Dorado County Missions

- **2016-IREOC-24828:** 2 Air Monitoring Ray for Georgetown Fire District.

Placer County Missions

- **2016-IREOC-24827:** 1 Air Monitoring Ray for Foresthill Divide School.

FIRE ACTIVITY

Erskine, Vegetation Fire, Lake Isabella, Kern County

Location: Erskine Creek Rd & Apollo Way, Lake Isabella

Jurisdiction: FRA/SRA

Start Time: 06/23/16 at 1557 hours

Per Cal OES Fire Duty Officer (FDO), ICS-209 and CAL FIRE as of 7/07/16 at 0824 hours:

- 48,019 Acres, 98% contained
- Type 3 IMT assigned
- Expected Containment: 07/09/2016
- Patrol and mop up where necessary

Proclamations

Kern County submitted a signed Proclamation

- Kern County proclaimed a local emergency on 6/23/16.
- Kern County submitted a Proclamation Continuance of the local emergency on 7/07/16.
- A State of Emergency was proclaimed on 6/24/16.

FMAG

- An FMAG #FM5131 was approved on 06/24/2016.

Deployments

- 3 Individual Assistance (IA) Liaisons Deployed for Initial Damage Estimates
- 2 Public Assistance (PA) Disaster Assistance Programs Specialist

Animal Shelters

- Kern County Animal Services is assisting with animal sheltering operations. Domestic animals are being housed next to the shelter at Kernville Elementary.
- River Kern Kennel is sheltering large animals.

FIRE ACTIVITY

Erskine, Vegetation Fire, Lake Isabella, Kern County

Recovery

Initial Damage Estimates and Preliminary Damage Information:

- Kern County Building, Environmental Health and Sheriff's Office representatives conducted an assessment in Squirrel Valley and South Lake. Public Health teams assessed properties affected by the fire for debris management and initial hazards; and are in the process of reviewing water systems in the area. Building Inspection teams assess safety of the structures and placed a colored tag on each structure: Red means do not enter or occupy structure; Yellow means restricted access, and specific instructions are written on the tag; and Green means lawful occupancy permitted and that no apparent structural hazard has been found.
- Cal OES Public Assistance has deployed two Disaster Assistance Programs Specialists to the Kern County EOC to coordinate hazardous materials debris operations.

Debris and Hazardous Waste Management

- Cal Recycle standing by for situational awareness and possible tasking for debris removal and are in contact with local authorities concerning landfill capacity.
- Kern County authorities will decide whether to use the public health declaration to allow DTSC in to remove the hazardous materials or if signed access agreements will be required from each property owner first (likely to delay work 2-3 weeks). DTSC is in a holding pattern until the decision is made.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

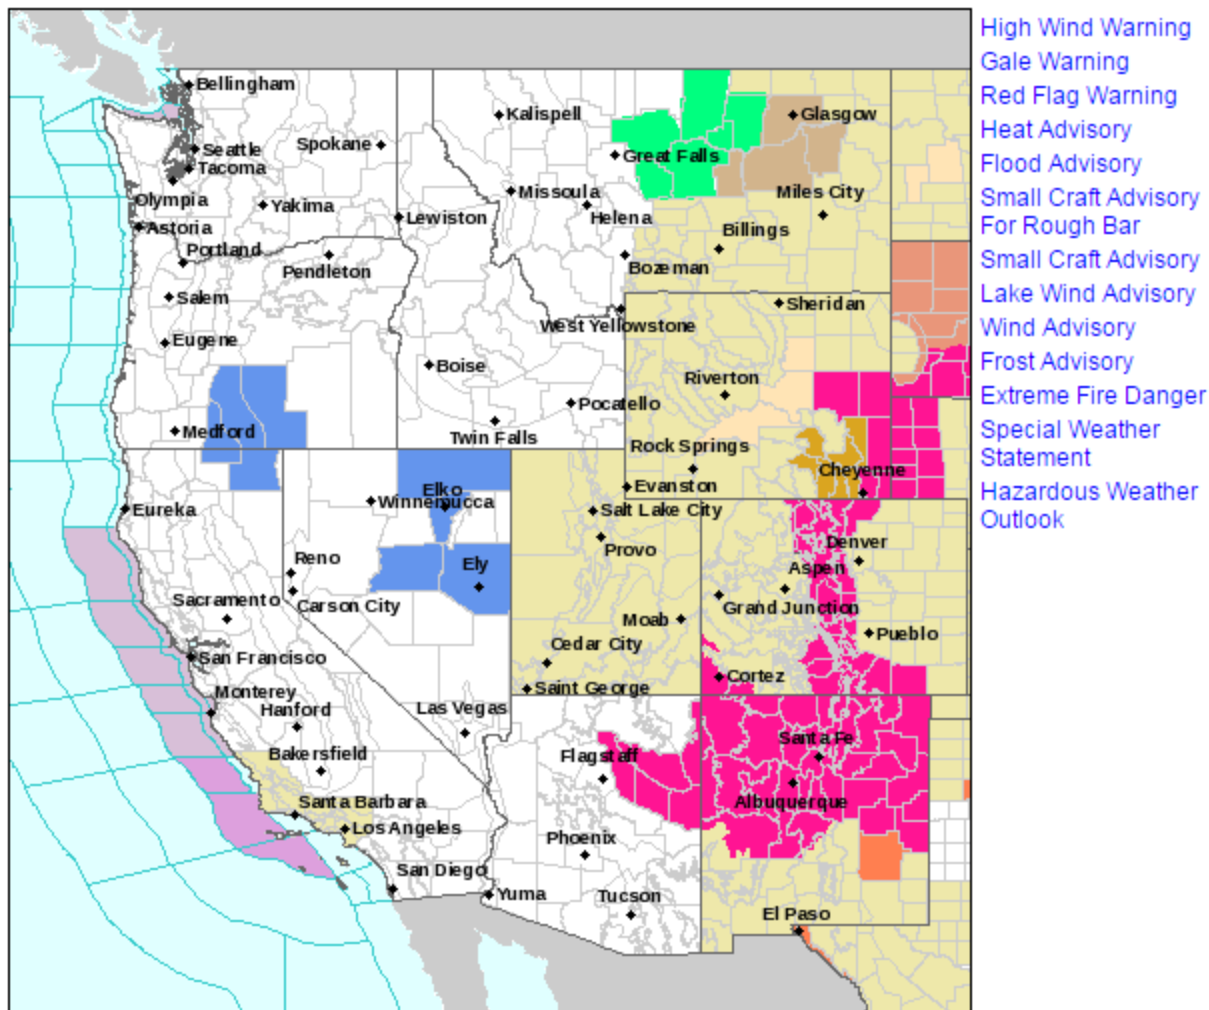

NORTHERN CALIFORNIA

Low pressure will move east across Oregon today. A few showers are still possible in Northern California, mainly near the Oregon state line. Gusty south to west winds will shift to west to northwest this afternoon, and northerly tonight. Northwest gusts may reach 35-40 mph in southwest Shasta County, Western Tehama County, and Glenn County this afternoon. Even though the RH will likely remain above 20% in these areas, there is a heavy load of cured fine fuels in these areas which elevates this wind event to a High Risk for Significant Fire Development. Southwest to northwest gusts will reach 30 mph in many other areas this afternoon. Northerly winds in and around the Sacramento Valley tonight will gust to 25-30 mph in wind-prone areas, and diminish by midday on Monday. Temperatures across the region will be as much as 10 degrees below normal today. High pressure will set up over the Desert Southwest and southern California early in the week and remain in place for several days, producing a gradual warming and drying trend throughout Northern California. Temperatures will return back to normal by Wednesday. Occasional night and morning north to northeast downslope surface winds will enhance the warm and dry conditions in the Sacramento Valley and nearby foothills. The high will weaken beginning Friday as a low pressure trough begins to develop overhead.

SOUTHERN CALIFORNIA

A trough over the Pacific Northwest will generate gusty winds today and tonight across much of the area. Early this morning, northwest winds are beginning to pick up across Santa Barbara County. Expect winds to increase to 15-25 mph with gusts to 50 mph by late morning before expanding into northern Los Angeles County. Elsewhere, west winds of 20-30 mph with gusts to 50 mph will continue throughout the day in the Kern County Mountains, and adjacent areas of the Antelope Valley as well as the north sides of the Angeles and San Bernardino National Forests. Minimum RH will drop to around 10% in all of these windy areas. Winds in the Sierras and adjacent areas of the Inyo National Forest will be weaker today with speeds generally in the 15-25 mph with gusts to 35 mph. Onshore flow may allow temperatures to drop a couple of degrees with highs reaching the 70s at the coast to the upper 80s in the valleys. Winds will continue tonight before gradually decreasing around noon Monday. After the winds ease Monday afternoon, a quiet weather pattern will set up for most of the week as high pressure slides back into the area. Temperatures will climb each day, and by Thursday, highs will be near 100 in the valleys and lower foothills. Winds will remain light through Friday. Another trough should bring a return of cooler, onshore flow next weekend. It may turn breezy in the deserts next weekend, but overall, winds will be much weaker through the extended period. No storms are expected during the next 7 days.

WEATHER MAP
